

JOSHUA 13-19

1. Even though Joshua was old, what still needed to be done (13:1)?

Look at 13:6. What was God's role to be in this? What was Joshua's role to be?

2. How many tribes was Joshua to **divide the land** between (13:7)?

What about the other 2 ½ tribes – who had already **distributed their land** to them (13:8,15, 24, 29, 32)?

3. The tribe of **Levi** had no land inheritance. What was their inheritance, according to 13:14? What does verse 33 say their inheritance was? What does 14:4 say that they received?

4. The author tells us that the people of Israel **did not drive out** the Geshurites from the land (13:13). As you read through the text tonight, what other passages say that different tribes failed to drive out people from the land (see chapters 15, 16, 17)?

5. In chapters 14, 15, and 17, what four different people/groups of people **asked for** their inheritance?

6. Who were the two main people that would divide the land between the people of Israel (14:1)? How were they to determine which tribe got what land (14:2)?

7. As you read the story of **Caleb** asking for his inheritance (14:6-15), what are two things that impress you about this man?

8. The first tribe to receive their inheritance in the land of Canaan was **Judah** (ch. 15). In 15:1-12, what word do you see that is used about 20 times (if you're using the NKJV, KJV, ESV, NASB)? If you add up the **cities** given to Judah in 15:20-63, how many did they receive?

9. How would you describe the **attitude** of the **people of Joseph** in 17:14-18?

10. As chapter 18 opens, seven tribes still had not received their inheritance. Joshua had them select three men from each tribe. What were these men to do? Then what would Joshua do?

11. Who were the 2 ½ tribes that had already received their land from Moses (ch. 13)? Who were the first 2 ½ tribes to receive their land in Canaan (chs. 15-17)? Who were the final seven tribes to receive their land?

When Jacob **blessed** his 12 sons in Genesis 49, what blessing did he bestow on **Judah** (v. 8)? What are some blessings he gave to **Joseph** (the father of Manasseh and Ephraim)?

12. Among the final seven tribes, the lot fell on **Benjamin** first. Their land was between the land of what two peoples (18:11)?

The lot fell on **Simeon** next. Where was their land (19:1)? Why was it there (19:9)?

13. The distribution of the land to the tribes in Canaan began with giving land to Caleb (ch. 14) and ends with giving land to what individual at the end of chapter 19?
